

COURSEPROFILE.

Signing with Children: Babies, Toddlers & Primary School Children

Follow-Up Course

What is it?

This is another fun short course for anyone interested in signing with young children. The Follow-Up Course is the follow on from the Foundation Course. It is designed for those who want to learn more signs relevant to young children.

The signs taught include colours, the weather, clothes, farmyard and zoo animals, days of the week and places. You will also learn signs for popular children's stories including stories by the fabulous Julia Donaldson.

All of the signs taught are British Sign Language (BSL) and are compatible with the MAKATON signing system.

What skills do I need?

Prior to attending the Follow-Up Course, you need to have completed the Signing with Children - Foundation Course.

How will I learn?

You will learn through personal demonstration and fun interactive games. We will look at how to use signs when reading stories, rhymes and songs and we look at different signing activities you can use with young children.

Will there be coursework?

No.

How much practical work is there?

The course is entirely practical.

Who takes it?

This course is designed for anyone interested in learning more about signing with young children, including teachers, childcare professionals, carers, parents, grandparents and medical staff.

What can I do with it?

On completion of this course, you will be fully equipped to teach a child to sign. You will also be able to communicate with a child who already signs. As all the signs taught are BSL and compatible with MAKATON, you will be able to communicate at a simple level with BSL & MAKATON users.

Any other useful information?

This course is delivered over 3 hours. You will receive a book containing all the signs taught. On completion of the course, you will receive a certificate of attendance which you can use as a record of your CPD.

These courses are delivered by Carolyn O'Neil, also known as 'The Babysign Teacher'. Carolyn has been teaching adults to sign with babies and young children since 2006.
